

**THE U.S. DEPARTMENT OF THE NAVY
INVITES PUBLIC COMMENT ON THE DRAFT
ENGINEERING EVALUATION/COST
ANALYSIS (EE/CA) FOR PROPOSED
REMOVAL ACTION AT INSTALLATION
RESTORATION (IR) SITES 2 AND 9 AND SITE
SCREENING AREA 4 AT THE NAVAL
WEAPONS STATION, YORKTOWN, VIRGINIA**

In accordance with the Department of the Navy IR Program, the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), and the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), the Department of Navy invites public comment on the draft EE/CA for proposed removal action at IR Sites 2 and 9 and Site Screening Area 4 at the Naval Weapons Station, Yorktown, Virginia. The EE/CA consists of a brief analysis of removal alternatives for these sites. Criteria used to evaluate each alternative included environmental and human health considerations, technical feasibility, institutional considerations and life cycle cost. The EE/CA provides the following specific information:

- site description (including analytical data from previous studies),
- removal action objectives,
- removal action alternatives and available technologies,
- recommended removal alternative, and
- schedule and estimated cost to implement recommended alternative.

The review period for the EE/CA for Sites 2 and 9 and Site Screening Area 4 is thirty calendar days. Comments on the draft EE/CA for these sites will be considered in preparing the final EE/CA and will be incorporated into the Removal Work Plans as appropriate.

The Draft Final EE/CA is available for public review during normal business hours at each of the following information repositories:
